## **TEEN and YOUNG ADULT JOB SEEKERS**

Are you a teen looking for part-time or summer work? Or a young adult just out of high school or college seeking that first full-time job? If you are ready to get to work, come out to our Teen/Young Adult Job Fair to meet potential employers and gain valuable job search resources.

Local businesses need help and you want a job! But how can you get a job when you have no experience? How do you know whether the job is right for you? Our Teen/Young Adult Job Fair is the perfect opportunity to get to know local employers and show them what you have to offer.

NO registration is required.

*Want to impress a potential employer? We recommend you wear business casual dress, bring a resume if you have one, and be prepared to answer basic application and interview questions.
